Profile

A Civil Engineer with 4+ years of expertise in construction projects, including large-scale solar parks and residential building developments. Strong background in site supervision, project management, and construction operations. Adept at leading teams, coordinating site activities, and ensuring compliance with safety and quality standards. Seeking to leverage my skills and experience in the civil engineering and looking to further develop my skills in project management to contribute to innovative and sustainable projects.

Career

- **Construction Supervisor**

- Solar Park Project (93 MW)**

- METLEN Energy & Metals,**

- Larisa-Volos, Thessaly, Greece**

- September 2023-present**

Currently working on a Solar project in the wider area of Thessaly, Greece, as a construction supervisor engineer.

- Conducted site inspections and identified potential project issues prior to the design phase, ensuring proactive problem-solving.

Thessaloniki, Macedonia,

January 2014 - December 2020

Driving and working with digging machines (excavators, loaders, JCBs and tractors)

Academic

2014-2021
(AUTH)

Aristotle University of Thessaloniki

Diploma in Civil Engineering
Greece

GPA (Diploma Grade): 6.89/10.00 Thessaloniki,

Specialization: Transport and Project Management

Worked in the technical department of the Municipality of Thermi as a civil engineer student.
(measurements execution, design in AutoCAD, archiving, technical assistance)

Diploma thesis

2019: «Research on the properties of bitumen with crumb rubber»

Publication

2020: «Investigation of Selected Properties of Crumb Rubber Modified Bitumen with Different Rubber Contents», Mairepav9, Zurich July 2020

Member of Technical Chamber of Greece (Professional license) starting July 2021

Military Service

2019-2020 Completed military service in the Greek Army

Certificates

- Driving license (Category B)
- Truck Driving License (Category C) >3500kg
- Certificate of First Aid (cardiopulmonary resuscitation – use of Automatic External Defibrillator), ERC, Power
- Health Certificate, Validity 2019-2024

Skills

Technical skills: SAP2000, AutoCAD, Civil 3D, Global Mapper, MS Office, Mathematica, Odos Software, Python, FORTRAN, Mathematica, Minitab, SPSS, ArcGIS.

Languages: English (ECCE-MICHIGAN B2), Greek (mother language), German (A2).
